

# WINTER LAUNCH JOURNEY

T-0  
SOLID ROCKET  
BOOSTER  
IGNITION AND  
LIFTOFF!

## PHASE 1: LAUNCH

HERE WE ARE GROUNDED  
IN OUR EXPERIENCE  
AND AWARE OF THE  
CONSTRAINTS

## PHASE 2: ESCAPE

AS YOU GEAR UP TO EXIT  
THE ATMOSPHERE, THE  
GRAVITATIONAL PULL IS  
HEAVY AND WORKS TO KEEP  
YOU WITHIN THE CONSTRAINTS

## PHASE 3: ORBIT

RELEASED FROM THE  
GRAVITATIONAL PULL, YOU  
CAN NOW SEE THE WHOLE  
SYSTEM AND BEGIN TO IMAGINE  
IT WORKING DIFFERENTLY

HOW WILL THE  
ASSESSMENT FOR  
LEARNING MOVEMENT  
LEAD THE WAY THROUGH  
THE CRISES OF THE  
MOMENT TO A MORE  
JUST AND STUDENT-  
CENTERED FUTURE OF  
PUBLIC EDUCATION?

What can  
assessment for  
learning in remote &  
hybrid schools teach  
us about more  
powerful and  
inclusive student  
engagement?

If we challenge the  
assumptions of our  
accountability  
systems, what pace  
might we create for  
other, more  
reciprocal  
accountabilities?

If we look at  
assessment through  
the lens of justice,  
what questions must  
we ask, and what  
might we discover?

With the boundaries  
between home and  
school blurred, how  
can assessment help  
families, teachers,  
and students see  
learning more  
clearly?

WHAT BIG QUESTIONS  
WILL YOU ASK DURING  
THIS SEASON OF  
LEARNING?

WHO MUST YOU LISTEN TO  
AND INVITE IN ORDER TO  
ANSWER THESE  
QUESTIONS?
